

DATE: November 27, 2017

TO: RMC Governing Board

FROM: Mark Stanley, Executive Officer

SUBJECT: Item 9: Consideration of a resolution approving a grant to East Yard Communities for Environmental Justice for the Sleepy Lagoon Public Monument Planning Project (RMC 17021)

PROGRAM AREA: Rivers/Tributaries

PROJECT TYPE: Planning

JURISDICTION: City of Bell

PROJECT MANAGER: Marybeth Vergara

RECOMMENDATION: That the RMC Board authorize approval of a grant to East Yard Communities for Environmental Justice (EYCEJ) for the Sleepy Lagoon Planning Project in the amount of \$200,000 to develop a plan and preliminary design for the Sleepy Lagoon public monument in the City of Bell. The performance period for this grant will be November 28, 2017-January 31, 2019 (RMC17021).

Project:	Sleepy Lagoon Project (RMC17021)	
Applicant:	East Yard Communities for Environmental Justice (EYCEJ)	
Program area:	Rivers/Tributaries	
Amount requested:	\$200,000	
Amount recommended for funding:	\$200,000	
RIVER/TRIBUTARIES PROJECT EVALUATION CRITERIA SUMMARY		
Factor	Project Score	Total Possible Points
1. Restore River Parkways	4	10
2. Educational/Interpretive	2	2
3. Habitat and Restoration Resource	7	15
4. Matching Funds	4	7
5. Environmental Justice and Disadvantaged Communities	37	38
6. Multi-benefit and Multi-Jurisdictional	1.5	3
7. Stakeholders/Partners Resource	6	8
8. Stewardship and Management Plan	1	4
9. Water Sustainability/Water Storage/Water Infrastructure	2	10
10. Urban Land	8	10
11. Water Resource and Quality	12	25

TOTAL POINTS	84.5	133
---------------------	-------------	------------

PROJECT DESCRIPTION: East Yard Communities for Environmental Justice is requesting support to develop a plan and preliminary designs for the Sleepy Lagoon Public Monument. The outreach, design and planning process will involve a collaboration with a number of organizations and agencies including Communities for a Better Environment (CBE), La Cosecha Colectiva (the Collective Harvest) and various local homeowner associations near Bell and surrounding cities. EYCEJ will lead the process while working with the local community, the City of Bell, the Lower LA River Working Group and the City of Los Angeles Department of Water and Power (DWP).

In August of 2017, the City of Bell directed staff to coordinate with EYCEJ on the project, contribute resources to the process, and request that \$50,000 be held in a trust for a portion of the construction of the monument by the developer of the Bell Business Center. EYCEJ will work closely with the City of Bell on all aspects of this project. EYCEJ is a member of the Lower LA River Working Group and played an active role in developing the Lower LA River Revitalization Master Plan, which includes potential design features at the general site of the Sleepy Lagoon at Easement 1 and 2, under the DWP. This project will support and enhance the Lower LA River Revitalization Master Plan. As part of the outreach and design process of this project, EYCEJ will engage and coordinate community meetings to seek input for this proposed historic and culturally significant project. The LADWP owns property right-of-way that supports transmission lines between the LA River and the Sleepy Lagoon site. EYCEJ will work with LADWP to investigate the potential use of their right-of-way as part of the project.

The estimated completion time for the planning and design process will take approximately 13 months from December 2017-January 2019. This includes community, artist and engineer engagement as well as historic and environmental research and administrative close out of this grant. Once completed, a design concept and next steps will be identified by EYCEJ to seek funding to implement this project, in collaboration with the City of Bell and other stakeholders.

In partnership with the City of Bell and various community stakeholders, East Yard Communities for Environmental Justice will conduct this design process which includes the following Scope of Work:

1. Research Phase
 - a. Archival research of the social history of the Sleepy Lagoon site. This will include maps, photos, documents, written histories, oral histories.
 - b. Ecology of the Site and relationship to the historic and current water systems. This includes the groundwater and historic proximity to the LA River.
 - c. Any other environmentally-relevant factors associated with the site.

2. Community Engagement: Three community events will be conducted in collaboration with a local community partner that addresses the social history and explores the cultural and environmental landscapes of the former site of the Sleepy Lagoon and surrounding environment. The goal of the community engagement is to create a forum where:
 - a. Community members can share their knowledge through stories and art-making
 - b. Community members can familiarize themselves with the site needs, proposed project and team members

- c. Community Stories and knowledge can be gleaned and integrated into the design of a public monument commemorating the Sleepy Lagoon.

3. Preliminary Plan and Design Process:

- a. Site investigation
- b. Project Concept/Narrative
- c. Preliminary Conceptual Design
- d. Preliminary Budget- Design, construction, permitting, fabrication, liability, installation
- e. Fabrication/Installation Plan
- f. Fabrication Schedule
- g. Presentation of Preliminary Conceptual Design
- h. Complete Final Design

If approved, the project will begin immediately in December 2017 and is anticipated to be completed by January 31, 2019. See the attached exhibits including: Exhibit A- Tasklist & Timeline, Exhibit B: Budget, Exhibit C: Proposal submitted by EYCEJ, and Exhibit D: Sleepy Lagoon Trial, Zoot Suit Discovery Guide.

BACKGROUND:

The Sleepy Lagoon site was a historic and culturally significant site which was used by the local Mexican American community as a swimming pool in the 1940s, during the period of time when local public swimming pools segregated Mexicans from their use. The site was a place of recreation and community gathering and was located less than a ¼ mile from the Los Angeles River. In 1942, a murder took place at the site of the “Sleepy Lagoon which spurred the Los Angeles Wide prejudice, discrimination and racial profiling of Mexican Americans resulting in police round-ups, media attacks and public violence targeting “Zoot Suits” (Mexican American subculture). These actions led to awareness of racism and discrimination, which in many ways set the stage for civil rights organizing efforts for Mexican Americans in Los Angeles and throughout the Country.

East Yard Communities for Environmental Justice (EYCEJ) is an environmental health and justice non-profit organization working towards a safe and healthy environment for communities that are disproportionately suffering the negative impacts of industrial pollution. In 2001, EYCEJ was established by residents of East LA and Southeast LA who were concerned with the cumulative health impacts of industrial pollution in our community. Over the last 15 years much of EYCEJ’s efforts have been focused on reducing toxic exposures and expanding parks and open space for local communities. In the last 6 years, this has included leading intergenerational community dialogues to design improvements for the Lower Los Angeles River and the I-710 Corridor Freeway Project.

The Sleepy Lagoon location is geographically in EYCEJ’s organizing area. The community members in the Sleepy Lagoon area have been involved and engaged in dialogue around the history and potential use of the site. As part of EYCEJ’s organizing, the organization and community members have identified the Sleepy Lagoon site as a center piece that can meet multiple needs (open space, river access and community gather place) that fit into the 710 Livability Plan, the Lower LA River Master Plan and the development of the City of Bell’s Annex.

Since its inception, EYCEJ has achieved many important successes, including bring issues of environmental justice and air quality to the forefront for other community, environmental, and governmental entities at both regional and statewide level.

FISCAL INFORMATION: This grant award to East Yard Communities for Environmental Justice (EYCEJ) for a total amount of \$200,000. Funding for this process will be allocated from the following statute of

Proposition 1:

79731 (f): San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy, the sum of thirty million dollars (\$30,000,000) and section 79735 (a) of the funds authorized by Section 79730, one hundred million dollars (\$100,000,000) shall be available, upon appropriation by the Legislature, for projects to protect and enhance an urban creek, as defined in subdivision (e) of Section 7048, and its tributaries pursuant to Division 22.8 (commencing with Section 79508....

See Exhibit B: Budget for additional project details.

LEGISLATIVE AUTHORITY AND RMC ADOPTED POLICIES/AUTHORITIES: The Rivers and Mountains Conservancy (RMC) statute provides in part that:

Section 32602: There is in the Resources Agency, the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy, which is created as a state agency for the following purposes:

- (a) To acquire and manage public lands within the Lower Los Angeles River and San Gabriel River watersheds, and to provide open-space, low-impact recreational and educational uses, water conservation, watershed improvement, wildlife and habitat restoration and protection, and watershed improvement within the territory.
- (b) To preserve the San Gabriel River and the Lower Los Angeles River consistent with existing and adopted river and flood control projects for the protection of life and property.
- (c) To acquire open-space lands within the territory of the conservancy.

Section 32604: The conservancy shall do all of the following:

- (a) Establish policies and priorities for the conservancy regarding the San Gabriel River and the Lower Los Angeles River, and their watersheds, and conduct any necessary planning activities, in accordance with the purposes set forth in Section 32602.
- (b) Approve conservancy funded projects that advance the policies and priorities set forth in Section 32602.
- (d) To provide for the public's enjoyment and enhancement of recreational and educational experiences on public lands in the San Gabriel Watershed and Lower Los Angeles River, and the San Gabriel Mountains in a manner consistent with the protection of lands and resources in those watersheds.

Section 32614.5:

- (a) The conservancy may award grants to local public agencies, state agencies, federal agencies, and nonprofit organizations for the purposes of this division.
- (b) Grants to nonprofit organizations for the acquisition of real property or interests in real property shall be subject to all of the following conditions:
 - (1) The purchase price of any interest in land acquired by the nonprofit organization may not exceed fair market value as established by an appraisal approved by the conservancy.
 - (2) The conservancy approves the terms under which the interest in land is acquired.
 - (3) The interest in land acquired pursuant to a grant from the conservancy may not be used as security for any debt incurred by the nonprofit organization unless the conservancy approves the transaction.
 - (4) The transfer of land acquired pursuant to a grant shall be subject to the approval of the conservancy and the execution of an agreement between the conservancy and the transferee sufficient to protect the interests of the state.

- (5) The state shall have a right of entry and power of termination in and over all interests in real property acquired with state funds, which may be exercised if any essential term or condition of the grant is violated.
 - (6) If the existence of the nonprofit organization is terminated for any reason, title to all interest in real property acquired with state funds shall immediately vest in the state, except that, prior to that termination, another public agency or nonprofit organization may receive title to all or a portion of that interest in real property, by recording its acceptance of title, together with the conservancy's approval, in writing.
- (c) Any deed or other instrument of conveyance whereby real property is acquired by a nonprofit organization pursuant to this section shall be recorded and shall set forth the executor interest or right of entry on the part of the state.

East Yard Communities for Environmental Justice

October 2017

RE: Proposal to Develop a Plan and Preliminary Design for Sleepy Lagoon Public Monument in Bell, California

On August 2013 the City of Bell, city council certified the Environmental Impact Report (EIR) for the Bell Business Center. As part of the EIR certification Pacific Industries committed, as part of an agreement with East Yard Communities for Environmental Justice and the City of Bell to construct a public art monument commemorating the Sleepy Lagoon. The Sleepy Lagoon was located at the site of the Bell Business Center 75 years ago. The Sleepy Lagoon is a site of cultural significance and through the CEQA process the lead agency is required to consider historic preservation and or mitigation of culturally important sites. It has been more than three years since the EIR certification with no development or movement on construction of a monument.

The location of the Sleepy Lagoon site has multiple point of interest.

Cultural Significance

As mentioned above the site serves historically as a culturally significant site for the following reasons: 1) The “Sleepy Lagoon” was used as a swimming pool by the surrounding community during the period of time when local public swimming pools segregated Mexicans from use. The site was a place of recreations and community gathering. The location of the site is less than a ¼ mile from the Los Angeles River. 2) In 1942, a murder took place at the site of the Sleepy Lagoon, which spurred the Los Angeles wide prejudice, discrimination and racial profiling of Mexican Americans resulting in police round ups, media attacks and public violence targeting “Zoot Suits” (Mexican American subculture). These actions led to awareness of racism and discrimination, which in many ways set the stage for civil rights organizing efforts for Mexican Americans in Los Angeles and the Country.

Environmental Significance

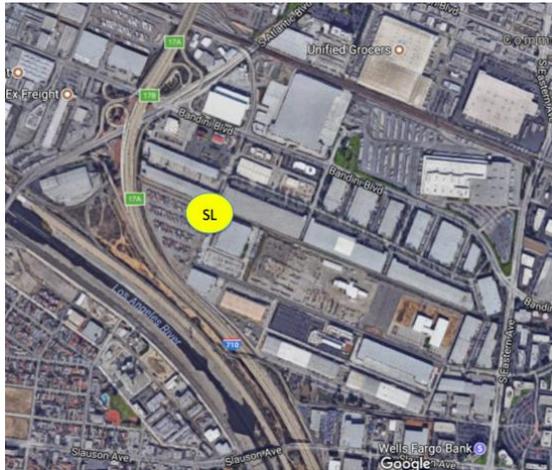

The current location is adjacent to the Los Angeles River and has a number of environmental considerations. Below are some examples of environmental relevance:

- Cal EnviroScreen top 5%
- Heat Island
- Ground Water Basin
- Significant Surface Water Run Off

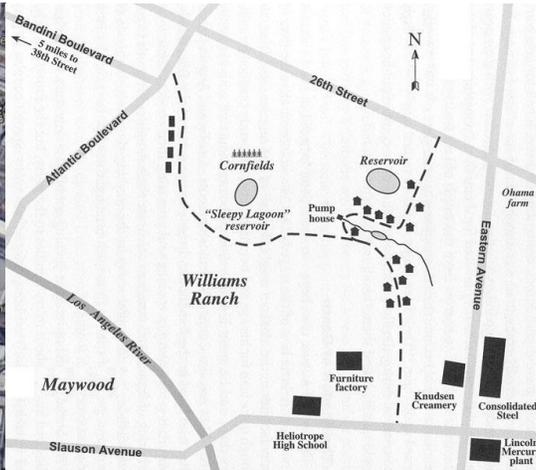

See Attached Climate-Smart Cities report for detailed information.

Fighting for Life

East Yard Communities for Environmental Justice – 2317 Atlantic Blvd. Commerce, CA. 90040

Site of the Sleepy Lagoon, 2017.

Site of the Sleep Lagoon, 1942

East Yard Communities for Environmental Justice is requesting support to develop a plan and preliminary designs for the Sleepy Lagoon Public Monument.

The outreach, design and planning process will involve a collaboration with a number of organizations and agencies. EYCEJ will lead the process while working with the local community, the City of Bell, the Lower L.A. River Working Group and the L.A. Department of Water and Power. In August of 2017, the City of Bell council directed staff to coordinate with EYCEJ on the project, contribute resources to the process and request that \$50,000 be held in a trust for a portion of the construction of the monument by the developer of the Bell Business Center. EYCEJ will work closely with the City of Bell on all aspects of the project. EYCEJ is a member of the Lower L.A. River Working Group and played an active role in developing the Lower River master plan, which includes potential design features at the general site of the Sleepy Lagoon at Easement 1 and Easement 2. This project will support and enhance the Lower L.A. River Revitalization Plan. As part of the outreach and design process of this project EYCEJ will engage and coordinate with the Working Group in both regular meetings and community events. The LADWP owns property right away that supports transmission lines between the L.A. River and the Sleepy Lagoon site. EYCEJ will work with LADWP to investigate the potential use of their right away as part of the project. The planning and design process will take approximately 10 month and will include community, artist and engineer engagement as well as historic and environmental research.

Scope of Work:

The design process will involve:

1. Research phase- (The research phase will inform both the community engagement event(s) and design process).

Fighting for Life

East Yard Communities for Environmental Justice – 2317 Atlantic Blvd. Commerce, CA. 90040

- a. Archival research of the social history of the Sleep Lagoon site. (Maps, photos, documents, written histories, oral histories).
 - b. Ecology of the site and relationship to the historic and current water systems (eg. ground water, Los Angeles River etc.)
 - c. General environmentally relevant factor associated with the site.
2. Community Engagement- Three community events will be conducted in collaboration with a local community partner that addresses the social history and explores the cultural and environmental landscapes of the former site of Sleepy Lagoon and surrounding environment. The goal of our community engagement is to create a forum where:
- a. Community members can share their knowledge through stories and art-making
 - b. The project team can present social and ecological research and history of the site
 - c. Community members can familiarize themselves with the site needs, proposed project and team members.
 - d. Community stories and knowledge can be gleaned and integrated into the design of a public monument commemorating Sleepy Lagoon.
3. Preliminary plan and design process-
- a. Site investigation- Site visits, map site
 - b. Project concept/narrative – Description of concept, description of all components of artwork, dimensions, materials
 - c. Produce Preliminary Concept Design- scaled drawing(s) of proposed project with dimensions.
 - d. Preliminary budget- Design, construction materials, permitting, fabrication, liability, installation and any other costs.
 - e. Fabrication/installation plan- Complete list of materials, methods for fabrication, site preparation, installation approach
 - f. Fabrication and Installation Schedule
 - g. Presentation of Preliminary Concept Design
 - h. Complete Final Design
4. Final product
- a. Design Report and feasibility study with findings, graphics, maps and final design (10 copies)
 - b. Web Based landing page with info graphics information from Design Report

Fighting for Life

East Yard Communities for Environmental Justice – 2317 Atlantic Blvd. Commerce, CA. 90040

Proposed Budget

1) Research Phase	\$30,000
2) Community Engagement	\$35,000
3) Artist Preliminary Design	\$15,000
4) Engineering (structural and geological)	\$10,00
5) Artist Final Design	\$15,000
6) Graphic Design and Layout	\$10,000
7) Printing	\$2,500

Total: \$117,500

Timeline:

- Month 1, 2, 3 and 4- Conduct research
- Month 2, 3 and 4 -Identify community partner(s), plan events
- Month 5 and 6 –Hold community events
- Month 8 - Present preliminary design concept
- Months 9 and 10 -Make revisions as necessary and produce final design

Detail of artwork to 100% design completion includes feasibility study, fabrication plan, installation plan, scaled drawings with finalized imagery and text, potential locations and permits and maintenance plan.

Sleepy Lagoon Trial

The Sleepy Lagoon Murder Trial of 1942

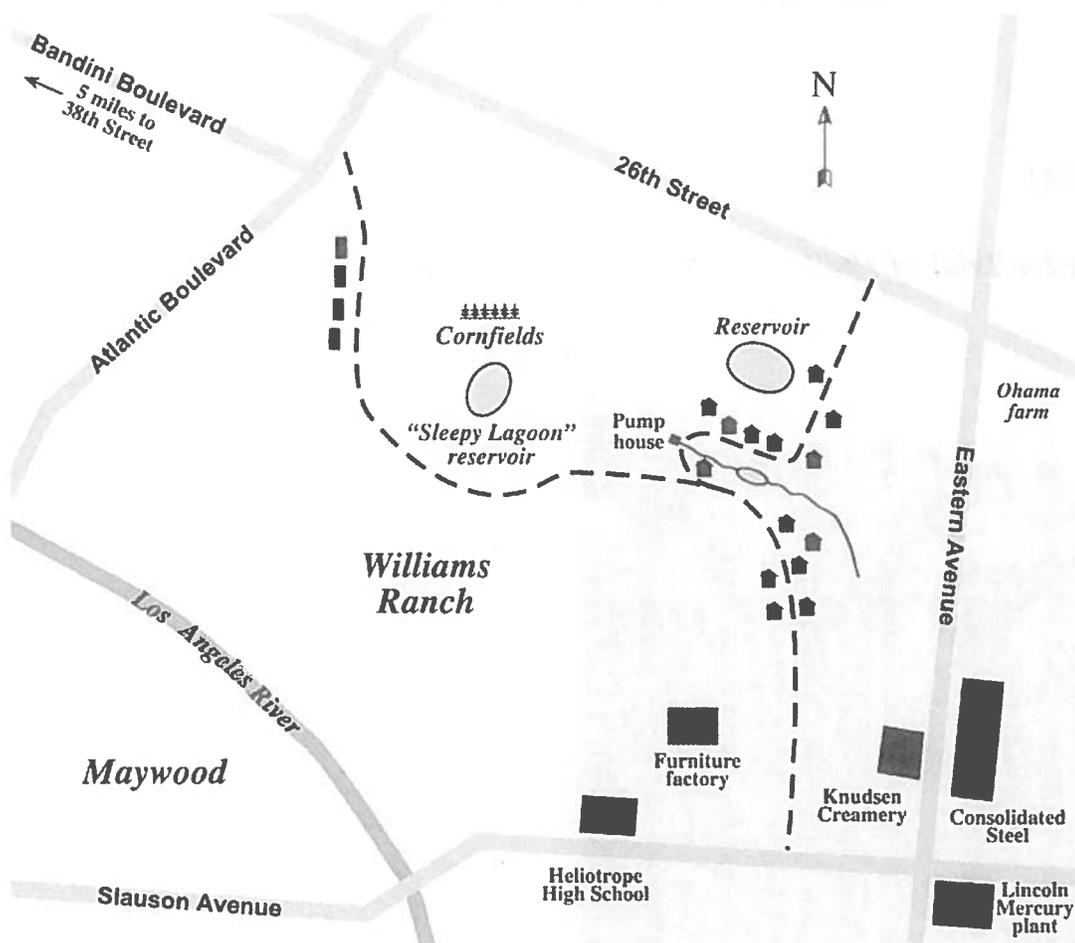

Young men from 38th Street ring the trail room for their arraignment. (Herald Examiner Collection, L.A. Public Library)

Murder at the Sleepy Lagoon

The 38th Street Gang was located in what is now part of South Los Angeles near Vernon and Long Beach Boulevards. The gang, along with other community members, frequented a water reservoir in a gravel pit located on the Williams Ranch in East Los Angeles. This reservoir, known to the community as Sleepy Lagoon, was used as a swimming pool by Mexican youth who were not allowed to use segregated public pools.

On the evening of August 1, 1942 Henry and Dora had a violent confrontation at Sleepy Lagoon with a neighboring gang from Downey. Henry and Dora left but returned later to the location with his gang in search of the attackers who had already fled the scene.

Futile in their search for the rival gang, the members of the 38th Street Gang decided to head for a party at the home of the Delgadillo family. When a fight broke out at the Delgadillo home Henry and the gang fled the scene. The following morning the dead body of José Díaz was found on a dirt road near the Delgadillo home. The Sleepy Lagoon Murder Trial began when Henry Leyvas and the 38th Street Gang were identified as being at the scene of the murder.

The Williams Ranch and the "Sleepy Lagoon" reservoir, 1942. Murder At The Sleepy Lagoon Zoot Suits, Race, & Riot in Wartime L.A. by Eduardo Obregon Pagan (The University of North Carolina Press 2003)

The Trial

Six hundred Mexican American youth were rounded up by a citywide dragnet led by the Los Angeles Police Department (LAPD). Eventually twenty-two alleged members of the 38th Street Gang were accused of the murder of José Díaz. Young women of the 38th Street Gang were also detained and placed in jail on suspicion of wrongdoing.

On October 13, 1942 *People v. Zamora* went to trial as the largest mass trial in California history. The trial took place in an atmosphere of intense prejudice fed and sustained by the press in Los Angeles. Throughout the trial the prosecutor pointed to the clothing and hairstyle of Pachucos as evidence of their guilt. This only added fuel to the fire of prejudice held by the non-Latino community. The prejudice and discrimination encountered by Leyvas and the 38th Street Gang was an example of racial profiling.

In failing to provide an unbiased trial, the United States Justice System failed to protect its citizens. Today, the trial is still considered by many as one of the most egregious miscarriages of justice in the United States.

The Conviction

On January 12, 1943 in the case of *People v. Zamora*, presided by Judge Charles Fricke, the court found five of the seventeen defendants in the case guilty of assault and sentenced to six months to one year in jail. Nine were found guilty of second degree murder and sentenced to five years to life. Henry Leyvas, Jose Ruiz and Robert

Telles were found guilty of first degree murder and sentenced to life imprisonment. The twelve found guilty of murder were sent to San Quentin State Prison to serve their sentences.

The young women of the 38th Street Gang refused to testify against the gang during the trial. Due to their refusal to cooperate they were sent to the Ventura School for Girls, a women's reformatory, without benefit of trial or jury. Dora Baca, Henry's girlfriend, was among the five young women sent to this reformatory.

Mrs. Guadalupe Leyvas (Henry's mother) at the arraignment.
(Herald Examiner Collection, L.A. Public Library)

Sleepy Lagoon Defense Committee

Following the trial, the [Sleepy Lagoon Defense Committee](#) (SLDC) was organized by the community. Attorney and author Carey McWilliams served as chair to the committee. The goals of the SLDC were to raise community awareness and to fund a legal appeal for the young men of the 38th Street Gang who were serving sentences.

The committee quickly drew people from the community, film industry, education, political arena and labor unions. Alice McGrath joined the SLDC after the members of the 38th Street Gang were imprisoned. She became the executive secretary of the organization. Every six weeks she paid visits to the sentenced members, reviewed the progress of the committee, distributed SLDC news bulletins and raised morale. By 1944 the SLDC had raised enough money and the case was moved to the Second District Court of Appeals. In October of the same year Judge Clement Nye overturned the verdicts of the case citing insufficient evidence, the denial of the defendants' right to counsel and the overt bias of Judge Fricke in the courtroom. Henry Leyvas and the 38th Street Gang were released and their sentences overturned.

November 27, 2017 – Item 9

RESOLUTION 2017-18

RESOLUTION OF THE SAN GABRIEL AND LOWER LOS ANGELES
RIVERS AND MOUNTAINS CONSERVANCY (RMC) APPROVING A
GRANT TO EAST YARD COMMUNITIES FOR ENVIRONMENTAL
JUSTICE FOR THE SLEEPY LAGOON PUBLIC MONUMENT
PLANNING PROJECT (RMC 17021)

WHEREAS, The legislature has found and declared that the San Gabriel River and its tributaries, the Lower Los Angeles River and its tributaries, and the San Gabriel Mountains, Puente Hills, and San Jose Hills constitute a unique and important open space, environmental, anthropological, cultural, scientific, educational, recreational, scenic, and wildlife resource that should be held in trust to be preserved and enhanced for the enjoyment of, and appreciation by, present and future generations; and

WHEREAS, The people of the State of California have enacted the Water Quality, Supply, and Infrastructure Improvement Act of 2014 (“Proposition 1”) and

WHEREAS, the State of California has authorized an expenditure of funds from Proposition 1, the Water Quality, Supply, and Infrastructure Improvement Act of 2014 to the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy for capital outlay and local assistance multi-benefit grants for ecosystem and watershed protection and restoration projects; and

WHEREAS, The RMC may award grants to local public agencies, state agencies, federal agencies, and nonprofit organizations for the purposes of Division 22.8 the Public Resources Code; and

WHEREAS, The proposed project meets an objective of the California Water Action Plan for more reliable water supplies, restoration of important species and habitat, more resilient and sustainably managed water infrastructure; and

WHEREAS, The proposed project meets the goals of reducing greenhouse gas emissions consistent with AB 32; and

WHEREAS, The proposed project is consistent with the San Gabriel and Los Angeles River Watershed and Open Space Plan; and

WHEREAS, The proposed project protects land and water resources; and

WHEREAS, The grantee has requested a grant from Proposition 1, Section 79731 (f) or Section 79735 (a) of the Water Code; and

This action is exempt from the environmental impact report requirements of the California Environmental Quality Act (CEQA); and NOW

Therefore be it resolved that the RMC hereby:

- 1 FINDS that this action is consistent with the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy Act and is necessary to carry out the purposes and objectives of Division 22.8 of the Public Resources Code.
- 2 FINDS that the Proposition 1 RMC Grant Program is consistent with the Water Quality, Supply, and Infrastructure Improvement Act of 2014 (“Proposition 1”), which provides funds for the RMC grant program.

- 3 FINDS the proposed project meets at least one of the purposes of Proposition 1.
- 4 FINDS the proposed project meets at least one of the three objectives of the California Water Action Plan.
- 5 FINDS that the proposed action is consistent with the San Gabriel and Lower San Gabriel and Los Angeles River Watershed and Open Space Plan as adopted by the Rivers and Mountains Conservancy;
- 6 FINDS that the actions contemplated by this resolution are exempt from the environmental impact report requirements of the California Environmental Quality Act.
- 7 ADOPTS the staff report dated November 27, 2017.
- 8 AUTHORIZES a grant of Proposition 1 funds in the amount of \$200,000 to East Yard Communities for Environmental Justice for the Sleepy Lagoon Public Monument Planning Project (RMC 17021)

~ End of Resolution ~

Passed and Adopted by the Board of the
SAN GABRIEL AND LOWER LOS ANGELES RIVERS AND MOUNTAINS
CONSERVANCY on November 27, 2017.
