

DATE: July 22, 2019
TO: RMC Governing Board
FROM: Mark Stanley, Executive Officer
SUBJECT: Item 8B: Capital Outlay & Support Budget

BACKGROUND: This report includes information on the RMC's revenue and expenditures from local assistance, capital outlay, and Lower Los Angeles River-specific projects.

The Capital Outlay report contains information on the total capital outlay funds appropriated, encumbered and remaining from Propositions 1, 40, 50, 68, and 84. For a detailed report on each approved grant and associated fund level, please refer to agenda Item 8C Cumulative Grant Project Status Summary.

This report reflects balances as of June 30, 2019.

	Bond	Appropriation	Encumbered / Expended	Approved Pending Encumbrance	Projects Pending Board Approval	Balance

	Sub Total	\$ 52,000,000	\$ 7,403,329	\$ -	\$ 1,500,000	\$ 43,096,671

Total Appropriations	\$247,622,428
Total Encumbered	\$120,828,061
Total Approved Pending Enc.	\$ 4,791,312
Total Projects Pending Board Approval	\$ 3,050,000
Total Available for Enc/Exp.	\$118,953,055

Projects Approved Pending Encumbrance:

RMC18003 Gateway Greening Plan (\$130,000) – The Gateway Cities and Rivers Urban Greening Plan (GGP), initially granted to North East Trees (RMC13002), will provide preliminary planning concepts and connection opportunities to the rivers, green streets, open space, parks greenways and overall water and air quality improvements within the 27 cities that are included within the Gateway Cities of Southeast Los Angeles County. This grant does not impact the previously approved budget of \$250,000 and will provide the same deliverable and project scope, to be completed by December 31, 2019, but performed and managed by WCA instead of NE Trees. Final reimbursement and close out has been processed with NE Trees for the continuation of service under WCA and RMC is awaiting a new budget/tasklist for this grant agreement.

RMC18009 Emerald Necklace San Gabriel River Habitat Restoration Project (\$1,117,588) – The project will remove invasive weeds and plant 600 native trees and 1,600 shrubs along the San Gabriel River right of way. Currently, present invasive species impair water quality and availability, and harbor pests like the shot hole borer beetles that infest and kill regional trees. The project areas will subsequently be re-planted with native grasses, ground cover shrubs, and trees to enhance the urban forest canopy and to create critical habitat linkages. The shrubs and trees planted through this project will be selected from the San Gabriel River plant palette developed as part of the San Gabriel River Corridor Master Plan to enhance water conservation and habitat values as appropriate to each site. This work will improve existing natural habitat along the river parkway, using native plants that naturally thrive in this environment.

RMC18010 Urban Orchard Project (\$1,387,401.44) - The Urban Orchard is a multi-benefit, passive park located along the LA River and the Rio Hondo Channel confluence in the City of South Gate. The Project is an identified priority (Project 155) in the Lower LA River Revitalization Plan and is part of a larger vision to transform 30-acres of unused, vacant land between the I-710 Freeway and the LA River into new, critically needed green infrastructure and an urban park, including an urban orchard and over one-mile of new riverfront walking and bike paths. The Phase 1 site comprises seven acres owned by the City of South Gate and will create one acre of functioning wetland habitat in a heavily developed, urban area that would treat and utilize stormwater from the adjacent Bandini Channel to irrigate the park and provide the community with a new greenspace.

RMC18011 Central Jefferson High Green Alley Multi-Benefit Stormwater Project (\$645,362) – The Project will renovate a 54,446 square-foot public alley right of way in a high density 100-acre neighborhood block in South Los Angeles. Project improvements will include the installation of high albedo pavement, permeable pavers, permeable pavement, street tree planting, infiltration trenches, a dry well system, planting of native vines and trees, educational and mile marker signage, public art and traffic calming measures including planted bump-outs, crosswalk striping, lights and way finding signage.

RMC18012 Community Center at DeForest Park (\$1,132,261) – The Conservation of Long Beach (CCLB) proposes to develop a master plan for the entire DeForest Park, as well as to design and install a satellite site at the DeForest Wetlands to better serve the needs of the LLAR while training youth as river stewards. By implementing a satellite site, CCLB will not only be able to oversee the master plan as it is carried out, but more importantly, have the resources to carry out necessary functions to sustain the health and vitality of the LLAR and its surrounding communities in the long term.

RMC18013 LA River Environmental Flows Study Supplemental Analysis (\$250,000) – The study has one overarching goal: To expand the currently funded Los Angeles River Environmental Flows Study to include analysis of potential recreation and wildlife impacts to the Lower Los Angeles River. The ultimate outcome of the Supplemental Analysis is to provide technically sound recommendations and alternatives to the Water Boards for consideration and implementation of a water flow standard that takes into consideration the existing and planned recreation and habitat uses of the Los Angeles River.

Support Budget and Expenditures

Fiscal Year 2018/19 Support Expenditures Report: The attached Exhibit A outlines projects that have received advanced funds. Each project that receives advance funds must reconcile upon expenditure.

The attached Exhibit B “Support & Operations Budget for Fiscal Year 2018/2019” displays and tracks the administrative and operation expenses for the RMC. The report includes Personnel Services and Operating Expenses/Equipment. The revenue section of the report delineates the six fund sources for operations: The Environmental License Plate Fund, Propositions 1, 40, 50, 68, and 84. The reports include expenditures that have been processed and sent to Contracted Fiscal Services for payment through July 5, 2019.

The cumulative contract report for the support budget is attached as Exhibit C. This report includes contracts executed under the Executive Officer’s Discretionary Approval for under \$10,000.00 and those over \$10,000.00 that have been approved by the RMC Board.
